

Stray Cat Paper Collar

1. Print out this paper collar template. Use bright neon paper if possible to make it more visible.
2. Fill out with your contact number.
3. Attach a small amount of tape either end of the collar, so you are ready when the cat is within reach. **Don't cover the entire collar in tape.** For the cat's safety it needs to be easily torn off if it gets caught on something.
4. Place around the cat's neck leaving plenty of slack (You should be able to place two fingers beneath it.)
5. You may need to make a new collar if the first one comes off. If the cat returns and you haven't received any calls, attach a new one.

If you still receive no contact from an owner and you are concerned for the cat's welfare please contact us via the details below.
